

Team Transplant won the gold for their division at the Major League Dragon Boat Regatta (GWN) this past month of Sept 2019. I am very grateful to be part of such a wonderful team. I will be walking in the Scotiabank Waterfront event doing the 5 K this coming month of October to honour the 6 years since our transplant surgery with a group called The Donothoners. Both Ms. Resendes and Ms Pratt will be joining me. We are raising both money and awareness for the Canadian Transplant Association.
